YOUR CHOICE OF PORTFOLIOS

The RL360 Multi-Asset Portfolios (MAP) are a series of internal insurance, fund of funds. So what does this actually mean? Well a "fund of funds" holds a portfolio of other investment funds rather than investing directly in equities, bonds or other securities. The benefit to you is that you get the expertise of multiple fund managers running the underlying funds, rather than just one.

We have 16 portfolios for you to choose from, 8 of them with a global investment focus in both USD and GBP, 4 with a US focus in USD and a further 4 with a UK focus in GBP.

Each one blends equity, fixed income and cash funds in differing percentages and are numbered 1 to 4. Every month we make sure that the percentages continue to stay the same; this is called rebalancing. Whilst there is no capital protection provided by the MAP funds, series 1 holds 45% in cash and is the most cautious of our portfolios. Series 4 holds just 12.5% in cash.

CHOOSING THE BEST PORTFOLIO FOR YOU

All of our MAP funds aim to marry steady growth with limited volatility, but in general each series, from 1 through to 4, increases in volatility as the equity exposure goes up. Depending on your attitude to risk and your financial objectives you need to decide on which funds or combination of funds is right for you. There are no guarantees but series 4 is likely to offer the greatest potential for long-term growth, whilst series 1 may be suitable if you have a shorter outlook and are looking to consolidate your existing position.

Your adviser can support you in choosing the right portfolio to meet your objectives, but if you want to know more for yourself you can view daily fund performance in our Multi-Asset Portfolios fund centre. This is available on our website at www.rl360.com/map

CHARGES

The MAP funds are subject to ongoing charges which we limit to 1.25% per year, meaning that where the underlying funds have a charge of 0.75% our charge is no more than 0.50%. We don't apply any bid/offer spread charges when you switch into or out of a MAP fund.
