

SOURCE OF FUNDS PROCEDURE

GUIDANCE NOTES FOR ALL RL360 PRODUCTS

This document sets out RL360's source of funds procedures, including what documentary evidence is required to support the source of funds information supplied in the Application Form.

Source of funds includes both the activity that generated the funds as well as the means through which the funds have been transferred.

The current legislation and guidance requires all Isle of Man Companies to "take reasonable measures to establish the source of funds for all customers when entering a new business

relationship". This reflects the Isle of Man's commitment to maintain the highest possible standards of business practice and to counter money laundering and the financing of terrorism.

RL360 has adopted a risk-based approach to comply with current legislation and guidance by risk rating each client as representing Standard, Higher or High risk. This depends on the product they are applying for, the jurisdiction they are based in and the jurisdiction where the payment is to be transferred from. We have categorised each jurisdiction according to their level of compliance with international regulatory standards.

Please be aware that the countries listed in this document are subject to change with immediate effect at the absolute discretion of RL360.

IMPORTANT

The inclusion of a country on this list does not signify that RL360 will accept business from that country.

RL360 reserves the right to request further documentary evidence at any time.
