

Business Analyst

Projects

RL360 - Isle of Man

An excellent opportunity has arisen for a Business Analyst whose primary focus will be a leader in the exponent of change, identifying, documenting and implementing process improvements. The successful candidate will have an important role providing support work for larger projects.

The main responsibilities for this role are:

- Ability to carry out and facilitate process reviews in clear and concise manner and to document and present findings accordingly.
- Ability to interpret business requirements and reproduce them in a structured document which can be readily understood by business and technical users which in turn enables the company to deliver business benefits on time, within budget and to agreed quality standards.
- To assist with business and market research in terms of existing and new developments.
- Produce user acceptance testing plans and scripts.
- Implementation planning on any enhanced or new system developments.
- Share knowledge and skills in practical application of business analysis.
- Managing smaller projects.

The skills required for these roles are:

- Significant experience as a business analyst within financial services – minimum 4 years
- Experience using a variety of requirements elicitation techniques.
- Experience of modelling techniques.
- Excellent written and oral communication skills.
- Ability to build and maintain business relationships.
- Proven experience of delivering business improvements and efficiencies.
- Good facilitation, presentation, and report writing skills.
- Hold or studying towards a related professional qualification, BCS International Diploma in Business Analysis.
- Expert knowledge of industry best practices for requirement engineering.
- Experience of Waterfall and Agile methodologies.
- Clearly demonstrate understanding of the project lifecycle.

If you are interested in applying for this position please forward your CV with a covering letter including details of your current remuneration to karen.wilson@rl360.com.

Closing date for applications is 31 December 2018.
