Dear Investor

Ninety One - the new name for Investec Asset Management

Investec Asset Management is currently part of the Investec Group. As you may be aware, subject to approval by the shareholders of Investec plc and Investec Limited, we plan to demerge from the Investec Group and become an independent asset management business which will be dual listed in London and Johannesburg. This is currently expected to be in March 2020.

Although we are becoming an independent asset management business, we will have the same dedicated people focused on meeting your investment needs. However, we will be changing our name in March 2020.

When choosing our new name, we sought one which had a strong connection to our heritage, that feels authentic to who we are and will stand out in a competitive market.

We started in South Africa in 1991. It was a year of transformative change around the world, none more so than in South Africa where significant steps were taken towards the ending of apartheid.

Being a part of that change made us the firm that we are today. It taught us the power of active investing; how it can help to create a better future, for our clients, for our firm and for our communities.

Whilst we are changing our name, we are not changing who we are. Our new name is Ninety One, recognising the momentous time in which we started our firm.
